**Our Quality One Guarantee:** No magnesium stearate (a toxic excipient), corn, milk, soy, salt, sugar, wheat, yeast, artificial colors, flavors or preservatives.

### Ingredient Quality

Our ingredients are purchased solely for quality in terms of purity, potency and quantum-state resonance capacity. They are sourced only from the finest qualified suppliers all over the world, including Europe, South America, India, China, Japan, Malaysia and many other countries.

Because of our rigorous testing, we reject the vast majority of suppliers due to their routine use of pesticides and radiation. Our CEO, Dr. Marshall, has traveled to many countries, ever in pursuit of the elusive pristine quality of nutritional ingredients. For example, he has traveled to the central forests of India to find the best source of noni, to Italy to personally examine aloe plants and to South Africa to study tribal plants. Thus, many of our suppliers are small families and farming communities in various countries.

### 100% Solvent-Free Vegetable Capsules

At Premier Research Labs (PRL), all of our encapsulated products are made with 100% solvent-free vegetable capsules or vegetable-source gelatin capsules. These capsules are superior to their solvent-based or gelatin counterparts and ensure a healthier, safer product for our customers. Sadly, other manufacturers often use inferior vegetable capsules (solvent-tainted) as well as tablets and animal-based gelatin capsules, all which can create serious problems if consumed over time.

By their nature, tablets need glues and binders (which typically test toxic) to hold their ingredients together. Animal-source gelatin capsules are hard to digest, temperature-sensitive, typically contain toxic preservatives in their shell and may carry the risk of “mad cow” prion exposure. In contrast, PRL’s 100% **solvent-free vegetable capsules** dissolve rapidly (regardless of temperature) and provide better absorption of nutrients.

### The Quantum Nutrition Effect

When quantum-state quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect is far greater than the sum of their individual benefits: The Quantum Nutrition Effect. A **quantaceutical™** is a nutraceutical supplement that delivers the Quantum Nutrition Effect to support optimal health.

### Ideal Cellular Resonance

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from “once living” sources can best sustain the ideal resonant frequency of your body’s cells.

### Quantum-State Nutrients Without the Risk

- No magnesium stearate, a toxic oil proven to suppress the immune system
- No animal glandulars with toxic tag-alongs and animal death hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - highly questionable (often toxic) fillers and binders, called excipients, are commonly added to nutritional products
