

Efficient Digestive Support*

Digestase-SP™

A Quantaceutical™ Enzyme Supplement

Key Benefits

Efficient digestion is one of the most important keys to great health.*

- An extraordinary plant-based enzyme formula, which supports the intestinal brush border cells to promote more complete digestion of carbohydrates and protein*
- Important for those who have used antibiotics for 3 months or more, or who want more specific immune support*
- Tests on to all 4 biofield polarities

Multi-Enzyme Digestive Support for Protein & Carbs*

“Digestase-SP™ is the next generation in comprehensive digestive enzyme support.* Its specialized formula reads like the A-List of the **reigning royalty of digestive enzymes**. Digestase-SP™ promotes healthy digestion of protein and carbs, even at the brush border cells of the large intestine.* I found it especially helpful for those who have not been breastfed or those who require digestive assistance. Eating cooked food can expend large amounts of your digestive enzymes, stealing from your metabolic enzymes if digestive enzymes are not present. Therefore, taking digestive enzymes at the end of meals with cooked food is especially important no matter what your age is.

Nothing spares your digestive capacity like Digestase-SP™. It works flawlessly in any pH range. This is **one of my most favorite products** because year after year, we continue to find that good digestion is critical to every aspect of good health. ”

Digestase-SP™ – Ingredients

A Quantaceutical™ Enzyme Supplement
60 capsules/bottle

Each capsule contains:

Peptidase Enzymes DPPIV 50,000 HUT (Hemoglobin Unit)
Serratiopeptidase Enzymes 4,000 SPU (Serratiopeptidase Unit)
Hemicellulase Enzymes 300 HCU (Hemicellulase Unit)
Beta Glucanase Enzymes 40 BGU (Beta Glucanase Unit)
Glucoamylase Enzymes 30 AGU (Amyloglucosidase Activity Unit)
Alpha Galactosidase Enzymes 350 GALU (Galactosidase Unit)
Other Ingredients: Stabilized Rice Bran, Vegetable Cellulose
Capsule

Recommended Use. Take 1 capsule with each meal daily. Especially effective when taken at cooked meals and when used with Q. Digest.

Our Quality One Guarantee: No magnesium stearate (a toxic excipient), corn, milk, soy, salt, sugar, wheat, yeast, artificial colors, flavors or preservatives.

The Quantum Nutrition Effect

When quantum-state quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect is far greater than the sum of their individual benefits: The Quantum Nutrition Effect. A **quantaceutical™** is a nutraceutical supplement that delivers the Quantum Nutrition Effect to support optimal health.

Ideal Cellular Resonance

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from “once living” sources can best sustain the ideal resonant frequency of your body’s cells.

Quantum-State Nutrients Without the Risk

- No magnesium stearate, *a toxic oil proven to suppress the immune system*
- No animal glandulars *with toxic tag-alongs and animal death hormones*
- No tablets *with toxic tag-along binders and fillers*
- No excipients - *highly questionable (often toxic) fillers and binders, called excipients, are commonly added to nutritional products*

100% Solvent-Free Vegetable Capsules

At Premier Research Labs, all of our encapsulated products are made with 100% solvent-free vegetable capsules or vegetable-source gelatin capsules. These capsules are superior to their solvent-based or gelatin counterparts and ensure a healthier, safer product for our customers. Sadly, other manufacturers often use inferior vegetable capsules (solvent-tainted) as well as tablets and animal-based gelatin capsules, all which can create serious problems if consumed over time.

By their nature, tablets need glues and binders (which typically test toxic) to hold their ingredients together. Animal-source gelatin capsules are hard to digest, temperature-sensitive, typically contain toxic preservatives in their shell and may carry the risk of “mad cow” prion exposure. In contrast, Premier Research Lab’s 100% **solvent-free vegetable capsules** dissolve rapidly (regardless of temperature) and provide better absorption of nutrients.

Complementary Products

Quantum Digest

(60 Vcaps/bottle)

*Full Spectrum Digestive Support for Fats, Carbohydrates, Proteins & Dairy, Especially Cooked Foods**

- **Highly effective digestive support and cleansing.***
When you consume cooked food, the pancreas releases protease to digest protein, amylase to digest carbohydrates and lipase to digest fat. Eating cooked foods spends large amounts of enzymes, leaving most people with large enzyme deficits. Enzyme deficiencies are linked to occasional fatigue, minor pain, moodiness, and more.*
- **Breakthrough process:** these plant-source enzymes are made using a proprietary fermentation process derived from aspergillus yielding the most highly purified, unheated, fully active enzymes, free of any toxic residues.

Super Nutrient Trio

3 Product Kit that contains: Q. Coral Complex, Q. EFA Oil Blend (liquid or capsules), Q. Greens Mix (powder or capsules)

- Delivers premier nutrients essential for life and optimal health; clinically acclaimed*
- The comprehensive, quantum-state nutrient system, all from once-living, natural sources (*no synthetics*) which contain a “body of light”
- Recommended for daily use for *pets, too.*
